General Comments to the Organizer / Generelle Bemerkungen an das Organisationskomitee:							
<p>The competition was the first COC competition in Tolga. It was very good organized with new and good stuff and a perfect ski-area with homologated course for sprint, 2,5 km 3.75 km and 5 km for both technique. The courses is laid out so they provide technical, tactical and physical test of the competitors qualifications. The Timing system worked well and they have optimal facilities for the work, the same for the speaker.</p> <p>Stadium and course preparation was very well prepared before 5 in the morning before official training and for competition 5th and 6th</p> <p>Proposal for improvement / Verbesserungsvorschlag:</p> <p>They will for next year develop a new skitest-area near the stadium. For Masstart they plan to make the track wider so they can set at least 4 tracks the first 1 km. For the last 100m in finish area it will also be wider 12 m if possible with for 4 finish corridors.</p> <p>The Organizer and Emit have sent a complete Result to FIS and the Result will be on FIS Webbside.</p> <p>Thanks to The Organizing Committee for good and successful first FIS COC - competition in Tolga!</p>
